

# Rolling for Prefixes Game

**Instructions for game:** One person from each team will roll one die. The first die will determine the prefixes, and the second will determine the activity. Allow groups to have a chance at both.

**Directions to make dice:** Print both templates. Cut along outside perimeter. Fold tabs inward. Fold remaining lines of box inward. Shape into cube with tabs on inside. Secure edges with tape.

**Option:** Print templates using cardstock for sturdier dice.
